

Manhattan Marriage & Family Therapy
is pleased to announce the launch of

Breast Cancer Support Group

Thursdays, 8-9pm
Starting on October 22, 2015

This group offers the opportunity to let out your fears, tears, and thoughts as you go through the diagnostic, treatment and aftercare process of Breast Cancer. This group will provide a safe and nurturing environment shared with others who understand questions like: Why do I feel embarrassed to tell anyone I have cancer....? Will I lose my job? Why am I feeling so alone?

There is a certain magic in Group Therapy—the kind of healing that only happens when we are surrounded and supported by those who really get what it's like to be in our shoes: people who've experienced similar trauma and loss and faced the same fears and stigma.

The Facilitator: The groups at MMFT are facilitated by Susan Flynn, PhD, LCSW, an experienced group therapist and a cancer survivor herself. Susan has facilitated groups for over 20 years to see amazing transformations and healing, and has trained others during her 15 years of teaching Group Therapy at New York University.

For more information about this group or to register please call us at 917-510-6422, e-mail at info@ManhattanMFT.com or visit our website www.ManhattanMFT.com.
